USER INTERFACE DESIGN

EXPERIMENT 7: VINTAGE CAMERA UI DESIGN

NAME: Harshinee M

REG NO: 240701182

AIM:

The aim is to design and compare different promotional product UI layouts with varying color themes and evaluate user feedback on visual appeal, usability, and readability.

PROCEDURE:

- Step 1: Create Design
  - Use design tools like Figma / GIMP / Photoshop.
  - Create a promotional product card for a vintage camera.
- Step 2: Base Layout Design
  - Add product image (Vintage Camera).
  - Add title, price ($99.99), description, and features.
  - Include CTA button: Pre-Order Now.
- Step 3: Create Colour Variants
  - Layout 1: Blue Theme
  - Layout 2: Purple Theme
  - Layout 3: Green Theme
- Step 4: Export Designs
  - Export as images for comparison.

Step 5: Collecting User Feedback

- Google Form Link:

https://forms.gle/sxuuHVgaTmMWeRKv6

USER FEEDBACK:

- Layout 1 (Blue Theme):
  - Classic and premium look.
  - Good readability and contrast.
- Layout 2 (Purple Theme):
  - Unique and bold appearance.
  - Slightly darker background affects clarity.
- Layout 3 (Green Theme):
  - Fresh and modern design.
  - Best balance of colors and readability.

FINAL RECOMMENDATION:

Preferred Layout: Layout 3 (Green Theme)

Reason: Best visual balance, clarity, and user preference.

RESULT:

The vintage camera promotional UI designs were created and evaluated. The green-themed layout provided the best usability and visual appeal among all variants.
